

Adaptive Response Induced by Low Levels of Radiation

CONTENTS

[1. INTRODUCTION](#)

[2. Research on the Adaptive Response Induced by Low-Dose Radiation: Where have we been and where should we go? - L. Cai](#)

[3. The Role of Adaptive Responses following Exposure to Ionizing Radiation - L. Feinendegen](#)

[4. Radioadaptive Response: Responses to the Five Questions - T. Ikusshima](#)

[5. Radiation Exposure and Adaptive Processes - K. Mossman and L. Ledesma](#)

[6. Adaptive Response and Its Relationship to Hormesis and Low Dose Cancer Risk Estimation - G. Olivieri](#)

[7. The Adaptive Response to Ionizing Radiation: Low Dose Effects Unpredictable from High Dose Experiments - O. Rigaud](#)

[8. Invited Responses to Issues Associated with the Adaptive Response: Perspectives from Studies in Mammalian Cells on the Response to Low Radiation Doses or to Cisplatin - K. Skov](#)

[9. Summary and Comments - C. Waldren](#)
